

## Aztec Exhibition Counter

Scan our QR code to view the full assembly video

You'll receive 1 complete front & side panel, x2 shelves, central support & counter top.

### Step 1

Stand the front panel up right, bending the side panels round to create a small U shape.

### Step 2

Take the central panel and slide the bottom shelf into place using the slots along the central support edge.

### Step 3

Slide the bottom shelf in to the slots at the bottom of the curved end panel sections.

**Step 4**  
Slide the top shelf into place by aligning the slots on the side panel and shelf.

**Step 5**  
Attach the counter top on to the tabs which protrude at the top of the counters front & side panel.

**Step 6**  
Use the supplied white screws to secure the counter top to the lower frame.
