

Celtic Exhibition Counter

Scan our QR code to
view the full
assembly video

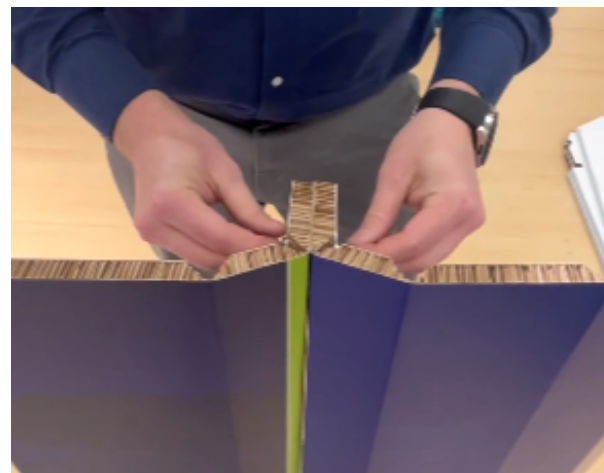

You'll receive a front panel,
x2 side panels, counter top
and central panel.

Step 1

Take the front panel & 1 side panel
standing them up right.

Step 2

Connect the joining tabs together
and tighten in place with the screw
and washers. Repeat on both sides.

Step 3

Take the centre panel and slot in
both shelves.

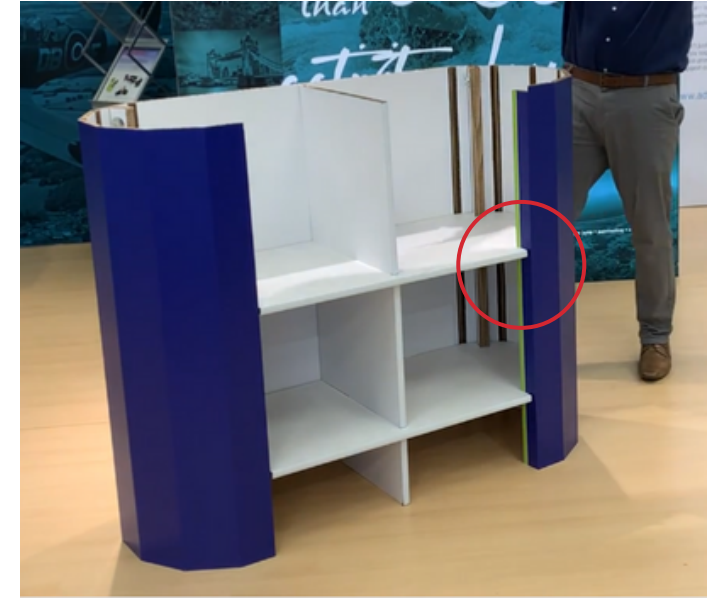

Step 4

Position the assembled shelf section in to the cuts outs on the front panel.

Step 5

Where you have joined the side and centre panel, slide this into the cut outs on the side of the shelf. Complete on both sides

Step 6

Bring both of the end panels around and bend the end tab and slot into place on the shelf.

Step 7

Add the counter top on to the counter.
No screws or fixings required.
