

Event Table Top Display Board Header Board (Optional Accessory)

Scan our QR code to view the full assembly video

Step 1

Remove all packaging from the Event Board and stand upright on a desk or table surface.

Step 2

Hold the edges of the display board and pull open.

Step 3

Position the display board on the desktop as above.

Step 4 (Header - Optional)

Place the two locking clips in the top centre, inside the aluminium edging.

Step 5

Ensure the arrow and word 'lock' is facing outwards as shown.

Step 6

Position the header panel on top of the Event Desktop Display Board.

Step 7

With the header in place, slide the locking clips toward the outer edge. This will secure the header.

Step 8

Fit the supplied foot pegs if you require the panels to be slightly raised from the desktop.
