

Hexby Leaflet Dispenser

Scan our QR code to
view the full
assembly video

You'll receive x2
side panels, header,
footer & shelves.

Step 1

Take 1 side panel and with
the print facing outwards,
and slot into 1 side of the
base

Step 2

Slot the second side panel
into the remaining foot slot.
The printed side should be
facing outwards.

Step 3

Slot the header into the narrow cut outs at the top of each top panel.

Step 4

To attach the shelves, slot the shelf cut outs into the available spaces on both of the side panels.

Step 5

Complete this step until all shelves have been added. Finish the shelves with white stoppers that hold the leaflets and brochures.
