

How to supply Shell Scheme artwork

Shell scheme panel sizes can vary on the brand of shell scheme and the type of finish you'd prefer.

Standard Print - Shows the shell scheme poles between each panel

Seamless Print - Hides the shell scheme poles and allows your printed panels to meet. (supplied as individual panels)

Create artwork at 25% or 100% size of the complete panel size.

For example, if each panel is 950mm W x 2340mm H, the following artwork sizes would apply.

25% - 237.5mm W x 585mm H
100% - 950mm W x 2340mm H

Please check all sizes with the event organiser

We require the following to proceed with print;

- Artwork sized at 25% or 100% of panel size
- No crop or bleed is required
- Provided as a PDF file
- Images should be at least 300 DPI
