

Phoenix Counter

Scan our QR code to
view the full
assembly video

Step 1

To open the case flip the
metal handle and twist to
release the clips.

Step 2

Open the case to form the shape
of the exhibition counter.

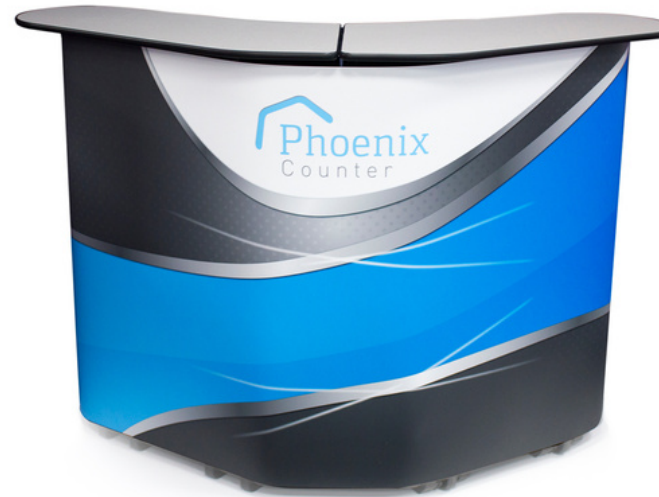

Step 3

Open the counter top and place
onto the grooves of the exhibition
counter base.

Step 4

Adjust the counter top until it clicks
into place.

Step 5

Located on each end of the counter is a fabric strip. Attach each side of the graphic panel to the fabric strips.

The counter is ready to use.

Removing the Counter Top

Located on the inside top of each side of the counter, is a release button.

Press in and lift the top panel up and away from the counter, repeat on both sides until the top can safely be removed.
