You'll receive an aluminium base with printed graphic, bungee pole and carry bag.

Step 1
Twist the stabilising foot out from the bottom of the base and open the 3 section pole from the base. Insert the pole in to the base.

Step 2
From the centre, carefully pull the graphic from the base. Lean the banner backwards and extend the banner fully. **Make sure the panel doesn't scrape the sides of the base when extending.**

Step 3
Secure the pole into the banner rail.

Step 4
Position your ready to use roller banner.

To dismantle, gently feed the graphics into the base, making sure the graphics aren't scraping at the side. **Do not let go of the graphic until fully retracted into the base.**

How to care for your graphics

When cared for correctly your graphics have the potential to last a considerable amount of time.

1. Never fold of bend the graphics
2. Use supplied case for transportation
3. Do not expose to water/moisture
4. Do not expose graphics to excessive heat
5. Do not expose graphics to direct sunlight
6. Store in a dry temperature environment
7. Store at room temperature for 48 hours before use, this will avoid curling.
